Dedication

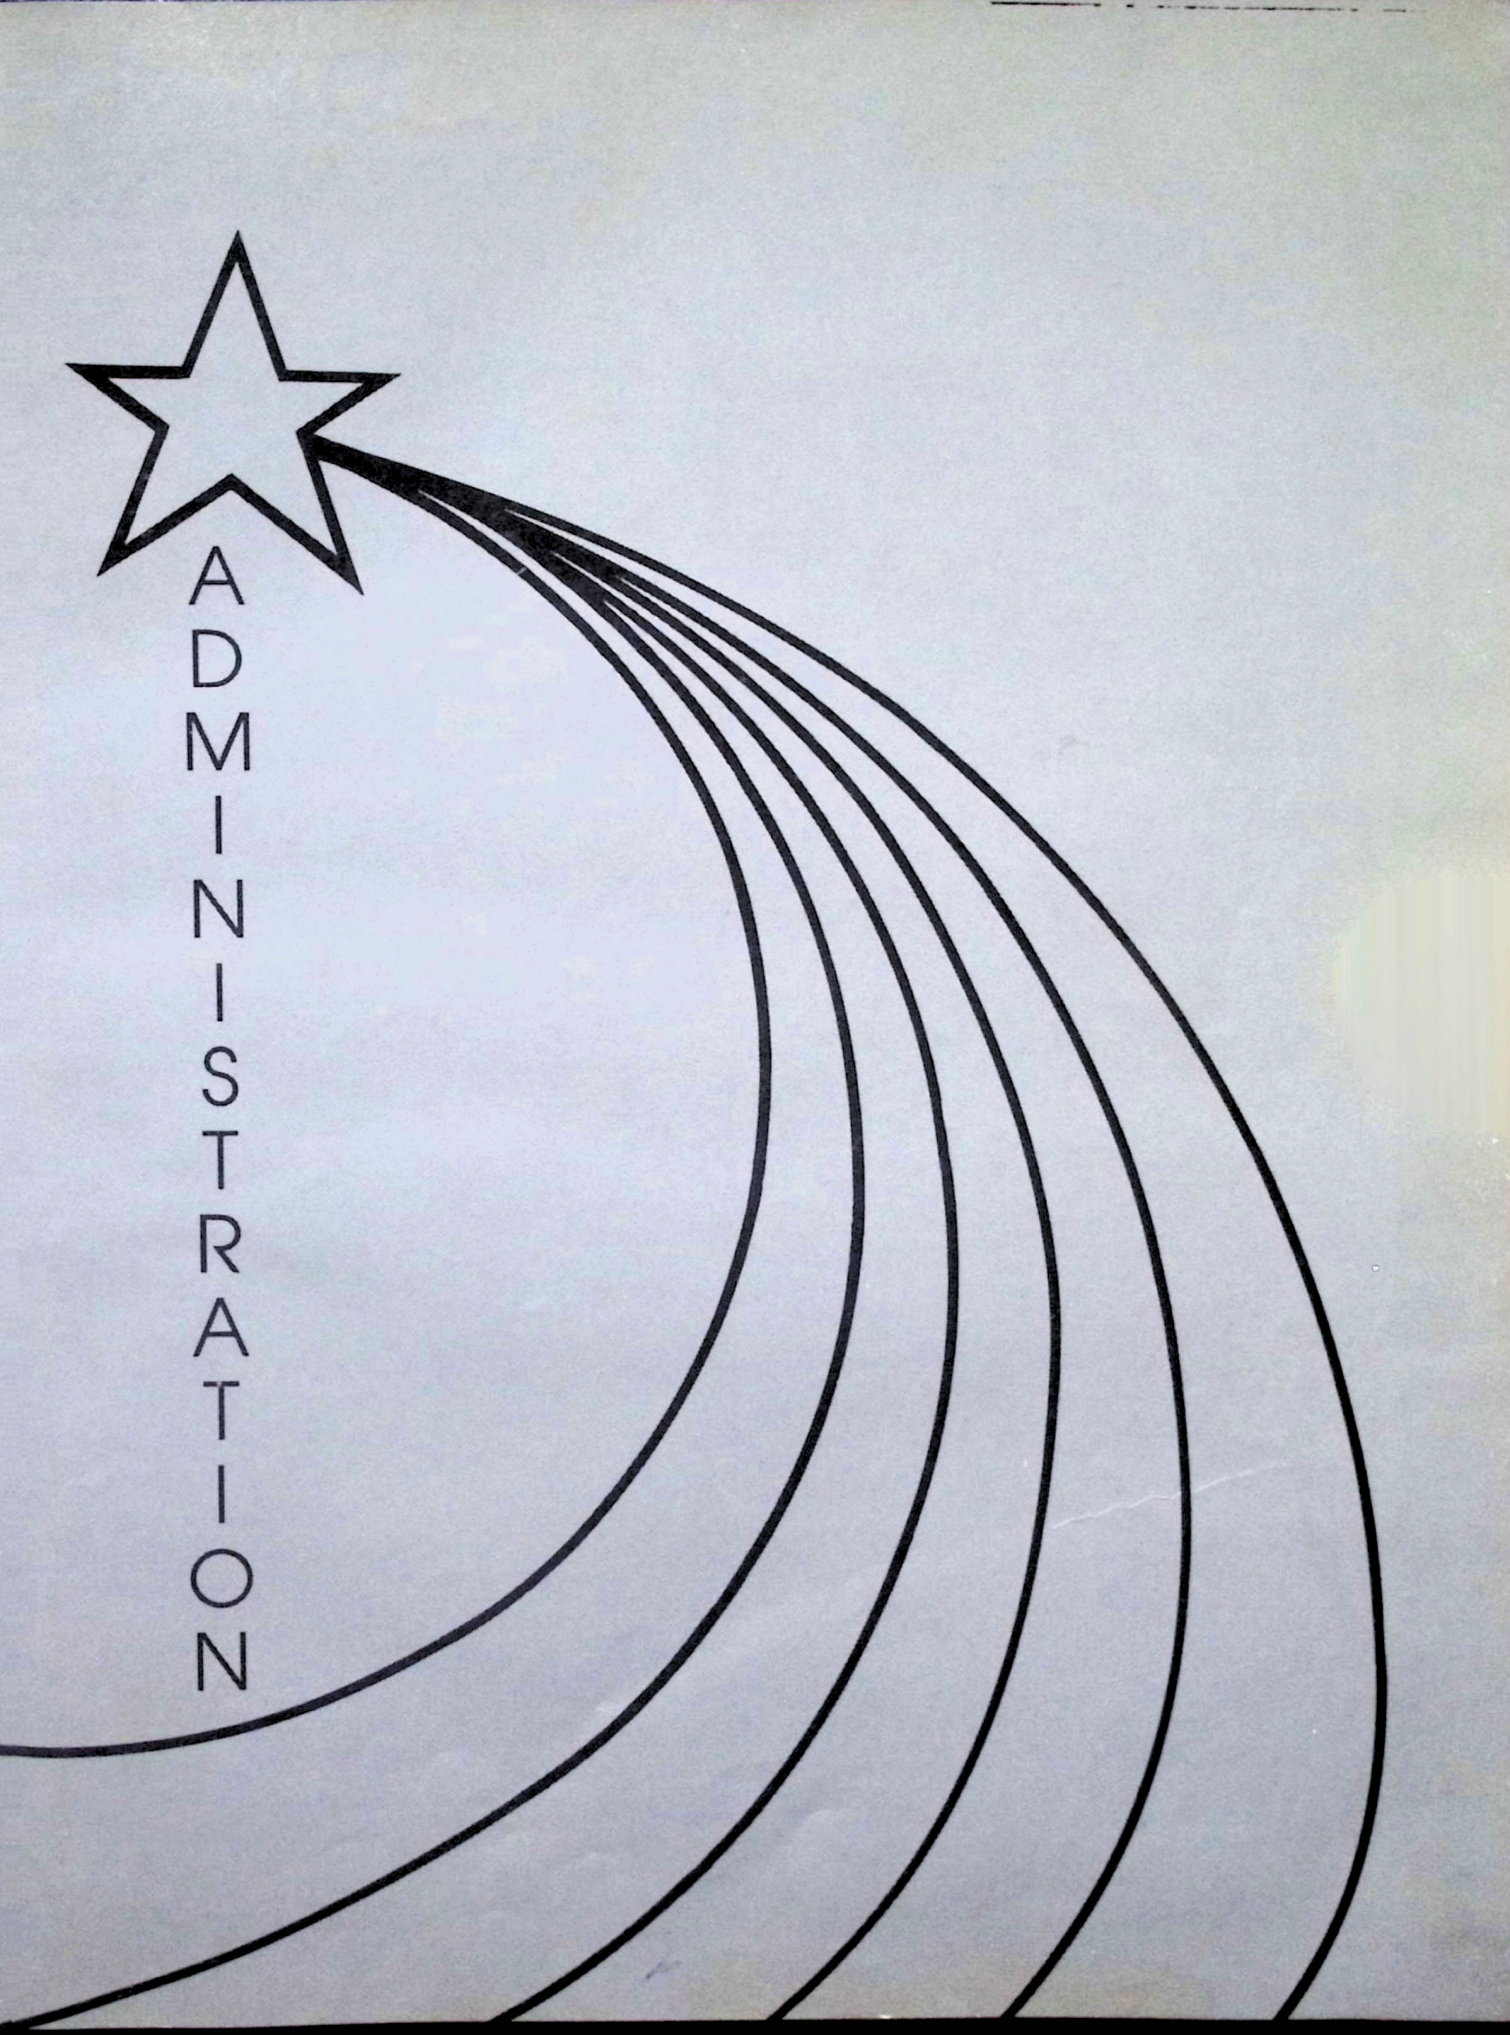
We, the Seniors, are very honored to have our yearbook dedicated to a special person. She is very important to A.S.D., helping youngsters from Boatner Building to Upper School. But she is more special to the Class of 1983 because she willingly worked with us for three years as our advisor.

She sacrificed her time to teach us how to accept situations as young adults. Having her around made us feel like working and achieving something important together for our school and outside the campus. She shared her ideas from her High School times with us and helped us to have some successes and good years at A.S.D. Her smiles and excitements made us happier, and we will always remember her.

We are very happy to dedicate our yearbook to . . . Cindy Amadeo-Paluch.



ADMINISTRATION

Mr. Winfield McChord, Executive Director

Dear Seniors:

You are preparing to leave your *alma mater* and enter the ranks of alumni of the American School for the Deaf. On June 17, your parents, your fellow students, your friends, and your teachers will watch with admiration and great joy as you step across the platform to receive your diploma. That cardinal Friday will be the most important day of your life, and, we hope, the first of many, many more joyous and important days to follow.

As the graduation exercises end and your families rush to congratulate you, your teachers will stand serenely in the wings to watch as their former students pass in review. It will be a very special day for them, too. It will have taken a substantial investment of their time, emotions, skill, concern, and caring to prepare you for the world outside of their classrooms and their offices. They will remember you from your first day as a student to your first struggle with your lessons; from your frustration with failure to your eventual mastery of your lessons; from your sadness to your happiness; from you problems to your successes. It is on this day each year that your teachers are most proud to be a part of this business of education, because you will have confirmed the high calling of our gallant profession.

That afternoon you will leave the campus; the stage will be struck; the caps and gowns put away; the books shelved; the classrooms darkened; and, as the shadows lengthen, we will already be turning our thoughts to the new semester.

The first teacher at this school, Laurent Clerc, once described "gratitude" as "the memory of the heart." Yes, we will remember the Class of 1983 always. We will remember you in our hearts, and we will be grateful that fate was kind enough to place us here together, for a space of time, at the American School for the Deaf. Godspeed.

W. F. McChord, Jr.

Mr. Edward Peltier, Assistant Executive Director and Ms. Joan Helms, Secretary, Assistant Executive Director

Dear Members of the Class of 1983:

On behalf of the faculty and staff of the American School, I congratulate each of you for your accomplishments.

Graduation Day is a day of mixed feelings. I know that each of you is a bit sad about leaving your friends and ASD. I also know that you are excited about the opportunities that are ahead of you.

The faculty and staff have worked hard to prepare you for this day. We wish you luck and hope that you will come back to visit.

Again, Congratulations!

Sincerely,

Edward F. Peltier

In Memory Of
Phyllis Ciraulo
May 7, 1963-February 25, 1978

We are showing our sincere love to you,
Who left us all without saying goodbye,
During a bright and sunny day,
Now you're up there in paradise,
Watching over us all every dawn to dusk,
While your love still lingers in our hearts,
As we think of you everyday,
Until we meet together again someday.

Remembering our old days ...
We were involved in lots of activities,
Trying very hard to be good leaders.
We've enjoyed the ups and downs
In these old days of ours.

We'll always remember our old days
In step by step progress to leadership.
We've become the leaders ...
These old days will be cherished always.

Now all of you, young people will go through the same process.
Our advice is that you all be patient
Through these ups and downs.
You all may be successful leaders.
We want you to have good memories to cherish always
Just like we are doing now.

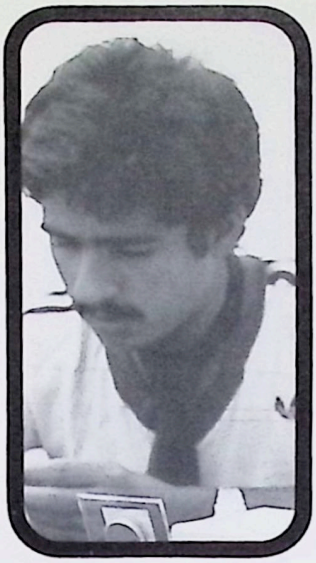
The Junior Achievement members learned how to run a small business in the school by selling agate stone clocks and earned a big profit. The members also learned how businessmen could get ulcers, but we have not got them yet.



The Junior Connecticut Association of the Deaf members really enjoy participating in fund raising drives, plays, meetings, and field day. They also sponsored Miss ASD Pageant, selling food and drinks during Homecoming Soccer Game, and will send two people to Youth Leadership Camp in Minnesota in July. The meetings were so exciting, and no one slept like Rip Van Winkle.

The Student Body Government members learned how to help the school by improving its rules. There were many good committees like Dress Code Committee, Complaint Committee, and Jr. Constitution Committee. SBG was responsible for collecting votes for Homecoming Queen. There were many fund raising drives to support our community. The SBG officers hope there will not be any Civil War between staff and students someday.

Christmas Program

The classes of 1983 and 1984 made chocolate chip cookies and sold them singly and by the dozen. They earned a big profit and gave all of it to the Greater Hartford Center City Churches during Santa's favorite month. The money was used for making Christmas dinner for poor people. The students were so generous and thoughtful. They were so happy that the Cookie Monster didn't stop by and steal all of their cookies. 12-5 class also collected canned food for poor people in Hartford.
